RE: TNRCC Water Discharge Permit No. WQ000639

Attention: Representative

Please be informed that a recent water discharge from the Lubrizol Corporation- Deer Park Plant exceeded the limits of the above-referenced permit as follows:

| <u>DATE</u> | <u>OUTFALL</u> | <u>PARAMETER</u>              | <u>RESULT</u> | <u>LIMIT</u> |
|-------------|----------------|-------------------------------|---------------|--------------|
| 4/22/98     | 001            | BOD <sub>5</sub> , Daily Max. | 275 Lbs/Day   | 194 Lbs/Day  |

Due to increased loading to the treatment plant, Lubrizol experienced a BOD<sub>5</sub> exceedence as above. Lubrizol will address this issue in the current permit renewal.

Lubrizol regrets any inconvenience these permit exceedences may have caused and the company remains committed to making every reasonable effort to assure compliance with the TNRCC water discharge permit requirements. Should you have any further questions, please contact me at (281) 479-2851.

Sincerely,  
THE LUBRIZOL CORPORATION

  
John H. Garrett  
Works Manager, Deer Park Plant
